CSISD Transportation recognizes drivers for safety

COLLEGE STATION, Texas – Ronda Ginnis received a certificate of appreciation for her dedication and job performance at a CSISD Transportation Safety Luncheon today.

“Ronda has been driving a bus for CSISD for 9 years and has an impeccable safety record,” CSISD Director of Transportation Hector Silva said. “She also runs one of the cleanest buses in the fleet.”

In addition, the safety luncheon recognized the efforts of all department staff for going 35 days without a vehicular accident or worker’s compensation claim. The department has reduced vehicle accidents by 25% as compared to the same date a year ago.
