Executive Comprehensive Needs Assessment Summary

<p>Areas Examined</p>	<p>Summary of Strengths (What Strengths were identified?)</p>	<p>Summary of Needs (What needs were identified?)</p>	<p>Priorities (What are the priorities for the campus?)</p>
<p>Demographics</p>	<p>College Hills serves over 720 students with over 100 staff members and a varied student population. In 2018, the students were 22.3% African American, 31% Anglo, 3.7% Asian, Multi-Ethnic 3.3%, 38% Hispanic, and approximately 16% Special Education. It is important to note that College Hills has many district special programs including Dual Language, CASL, Bilingual Resource and Head Start.</p>	<p>Over the last five years our at-risk population has increased by around 5 percentage points, and our LEP population has increased by 1% from 7.4% to 8.4%. Our special education population has increased approximately 5% from 12% in 2016 to 17% as of May 2019.</p>	<p>CHE must continue to strive to meet the needs of its population- and be proactive about doing so. Using state and local assessments (MAP) to target student groups in need will be a focus this year. Staying ahead of changes can be beneficial to all in the community.</p>
<p>Student Achievement</p>	<p>Over the past five years, the campus has maintained a met standard rating with recognitions.</p> <p>For the 2018 school year the campus received a letter score of a D from the state for STAAR assessment score.</p> <p>District benchmarks indicate that our at-risk student population is increasing with more students being in the Rtl process and more students qualifying for special education</p>	<p>In looking at STAAR Data, a clear need in the area of writing is evident. The campus will need to conduct a complete self-assessment on writing instruction to ensure that students are encountering a consistent, rigorous writing component in ELA. While we have evaluated and made adjustments in 4th grade we will need to assess K-4.</p> <p>College Hills will need to work on the indication of "Additional Targeted Support" from our state accountability system. While all student groups need increased growth, significant gap currently exist with ELL's, Economically Disadvantaged and At Risk student groups.</p>	<p>CHE will conduct self-assessment along with state and local student assessment to help target students in need.</p> <p>CHE will close the gap of 3rd grade students reading on level. Adequate growth will increase by 5%</p> <p>The campus will implement the MAP assessment program and create new data assessment teams to review data and make decisions based on the data.</p> <p>The campus will complete the Campus Data Analysis and all components of the Targeted Improvement Plan (TIP).</p>

Culture and Climate

College Hills school is nestled in the heart of College Station just east of Texas A&M University. We are the oldest elementary school in the district. At College Hills we have a strong culture of family, support for all, and high expectations. The bond between families, staff and students are high which is seen in the high participation rate of families at school functions. Many of our school functions include academic and social emotional nights where parents learn how we educate their child to make learning a team effort.

The campus will need to continue to offer parents training on Conscious Discipline, CHAMPS and academics learning. We will continue to build our website College Hills tiger talks as we move this information into Schoology.

The administration will need to guide the staff as we continue to build our skills in positive behavior supports and relationship-building.

CHE wishes to foster a family-friendly, welcoming campus. Putting student needs first is a common refrain, but it is the cornerstone of almost every decision made here.

CHE will continue to educate and inform our families for academic and social-emotional growth.

Staff Quality and Retention	The College Hills staff is an experienced group, with growing stability each year. In the hiring cycles for the past 5 years CHE has decreased from hiring 28 down staff members to 3 new staff members for 19-20 school year. A majority of the staff have greater than 5 years of teaching experience.	The past year we had our best retention rate to date. The campus will need to make sure that new staff are brought into the culture of College Hills's family effectively.	Support our staff with the necessary training and resources to be effective instructional teachers. Implement new state required mentor program for year 0-1 teachers.
Technology	College Hills continues to build in our technology resources. Every classroom has a Smart Board, red cat, digital camera, 2 student computers and 4 iPads. CHE has other technology spread around the campus such as Osmos, Bee Bots, digital microscope, makerspace resources, Laptop carts ect..	The district has transitioned into new curriculum management program- Schoology and a new student assessment program - MAP. Staff will need to be trained on the basics of each new technology program, and supported as they grow into the programs.	The district maintains a technological system that is current, secure, and easy to use. The technology available is flexible in its uses, and allow for the maximum benefit to teachers and students as a learning tool. At CHE we continue to build on our use and understanding of technology for our students benefit.
Family/Community Involvement	College Hills has always enjoyed a high level of community involvement, from PTO, to volunteers, to present families during campus activities. This has allowed the school community to remain strong and positive.	As always, the challenge for the school is to maintain and grow its family involvement and support. We must continue to value and cultivate the community around the school.	CHE has added daily morning meetings to connect the students, their families and our staff. We added a Math/Science night to our current list of campus traditions, which our community loves to attend. We will also continue to build our Tiger Talks that allows our families to view videos to assist in student learning.

CSISD Professional Learning Plan 2019-2020

The District Improvement Plan Professional Learning Plan includes both the district and campus professional learning needs. The process of developing the DIP and the 2019 CIPs begin in April 2019. As the 2019 CIPs are submitted to the Curriculum and Instruction Department the CSISD Professional Learning Plan is developed and integrated as a part of the DIP. The information listed below is an outline of the professional development areas that support the Goals and Objective of the District Improvement Plan. The individual links are to specific professional learning documents from across the district.
